Re: IB Docket Nos. 02-324, 96-261.

Dear Ms. Dortch:

AT&T Corp. ("AT&T") provides the following certification pursuant to the Public Notice issued in the above-referenced proceeding on August 31, 2004.¹

AT&T certifies that it has negotiated current rates at or below the relevant benchmarks on the following routes: Albania, Anguilla, Armenia, Benin, Cameroon, Cayman Islands, Cote d'Ivoire, Equatorial Guinea, Eritrea, French Polynesia, Gabon, India, Mayotte, Mexico, Montserrat, Namibia, Pakistan, Philippines, Reunion, Senegal, Serbia, Sudan, Tonga, Turks & Caicos Islands, Ukraine, Uzbekistan, and Virgin Islands (British).

Additionally, AT&T certifies that it has negotiated rates at or below the relevant benchmarks on the following routes under arrangements that have now expired: Angola, Azerbaijan, Bahamas, Burkina, Cape Verde, Djibouti, Ethiopia, Haiti, Honduras, Kazakhstan, Lesotho, Macedonia, Malawi, Malta, Niger, Seychelles, and Tanzania. Because of the highly dynamic nature of the international market, AT&T's traffic arrangements are frequently of short duration, and AT&T anticipates that it will negotiate further rates on these routes at or below the relevant benchmarks in the very near future. Pending the negotiation of these new arrangements, AT&T makes no payments above benchmarks. Accordingly, AT&T's rates on these routes remain benchmark-compliant.

¹ Public Notice, DA 04-2832, Aug. 31, 2004, IB Docket Nos. 02-324, 96-261, *Commission Lifts the International Settlements Policy on Certain Benchmark-Compliant Routes, Seeks Further Comment on Other Routes.*

AT&T accordingly requests the Commission to remove the ISP on all the above-listed routes.

Sincerely,

A handwritten signature in black ink, reading "James J. R. Talbot". The signature is written in a cursive style with a large, prominent "T" and a long, sweeping underline.
